

Maegan & Wesley

Maegan and Wesley live with their three children in Columbus, Ohio. They both work part-time jobs to minimize the expense of childcare, but without full-time work, they are living paycheck to paycheck and multiple accounts have gone into collections. An even bigger challenge: they are two months behind on rent and could face eviction leaving their family of five homeless. Will Opportunity Coach, Jean Chatzky, help them find the local resources they need to stabilize their household?
